

## **TITK e.V.**

offers you a new challenge as:

# **Research Associate (m/f/d) Polymer Synthesis Chemistry**

## **About us**

The Thuringian Institute for Textile and Plastics Research Rudolstadt e.V.. (TITK) is one of the leading private material research institutes in the field of polymer and fiber development in Germany. Our team of 200 scientists, developers and technical staff in the TITK Group realizes a wide range of research projects in cooperation with industrial and commercial companies as well as other scientific institutions. In addition, our own products and services are produced and marketed internationally through our subsidiaries OMPG mbH and smartpolymer GmbH.

## **Your task**

You will be a member of a team working on creative, challenging, interdisciplinary research and development projects as well as on industry-funded research contracts, and you will be actively involved in acquiring them yourself.

You will make an important contribution to the synthesis and application of novel additive systems for thermoplastics and/or to the synthesis or chemical modification of polymers and their processing into films and injection moulded parts, but preferably by means of melt spinning technology into novel mono- and multifilaments.

## **Your qualification**

We expect applicants to have a successful, solid technical education, preferably in the field of synthesis chemistry, demonstrable professional experience in this area, the ability to work in a team and a proactive and very independent style of working, which includes responsibility for the laboratory staff at your side. Experience in polymer analysis and materials testing is an advantage.

## **Our offer**

We offer you an extremely challenging and dedicated position in the field of industrial, application-oriented research with a high degree of independence, creativity and personal responsibility as well as a performance-related salary. The employment contract is open-ended.

Are you interested in this new and exciting position? Then we look forward to receiving your application and getting to know you! Please send your application documents to:

[personal@titk.de](mailto:personal@titk.de) or TITK e.V., Personalabteilung, Breitscheidstraße 97, 07407 Rudolstadt

By applying, you agree - revocable at any time - to the processing and storage of your data for the purposes of the selection procedure.
